

BOMA STORIES

SunEden is a naturist resort that offers the naturist community the opportunity to experience their lifestyle in safety and comfort subject to the rules and credó of the INF

Annual General Meeting

The annual general meeting was held on 28 July. The main item on the agenda was the election of new directors. There were three vacancies because the terms of Johan Aucamp and Bert Card expired and Joey Gouws resigned.

Joey was re-elected and Jake Pansegrouw and Hennie van Wijk were elected in the other two vacancies. Jake will be responsible for security, health and safety and building plans. Hennie will help with the finances, environment, recycling, strategy and management of the pub and kraaines. Joey will do marketing and liaison, social year planning and event management. She will also handle the social media. Rudi was re-elected as chairman and will again handle internal and external relations, human resources as well as policy and procedures.

Each of the directors will manage their portfolio through the implementation of subcommittees. In this way, shareholders can become more involved in the management of SunEden and each of them can make their special skills available to the benefit of our farm.

What is new?

At SunEden there is always something on the go. Make sure you check in regularly. The pool bar was recently completely refurbished and put into service. To add a little

sparkle to the event, the ceremonial ribbon was cut by Rudi. The other major development that is under way is to build a small heated splash pool. The construction has already been done, only the finishing touches and the installation of the pumps and pipes and heaters etc. are still to be done. In addition, a steam bath will also be built. The reason behind all these improvements is to make SunEden even more attractive during the winter.

Camping Naturist in Kruger

We did it again this year. At the beginning of August about 40 couples booked the entire Tsendze camp in the Kruger National Park for a full week.

Tsendze is a rustic camp with only forty campsites and ablution facilities. It is located on the Tsendze River and is known by birdwatchers for its resident owls. During the day we all did our own game drives like ordinary tourists, but back in the camp we shed our clothes to enjoy nature as it is supposed to be. The weather was nice and warm for the most part, but when the nights cooled down, the campfire kept us cozy. Naturism in the true sense of the word and nature in its purest form, and we were able to experience it with all our senses. Many thanks to Fanus and Andrea who were responsible for all the arrangements and who made the entire excursion possible.

Next year we will do it again, but slightly different. From the 8th to the 11th of August we again camp in Tsendze, but then we move from the 12th to the 16th to Balule, where there are also 6 huts available for people who do not want to camp. There is already great enthusiasm for next year and many have already reserved their places and paid their deposits, so if you want to go along, get in touch with Andrea at Andrea@Buildnow.co.za as soon as possible to get your names on the list.

The annual "skinny dip" was one of the highlights of the year. We tried to surpass last year's record of most people without clothes in the pool at the same time....and managed it. The record now stands at 264! It was really great fun. It was done on the first Saturday of September ... Spring day. Everything worked together this year to make it a great success. The weather was exceptionally nice and the heating of the swimming pool with the new solar panels ensured that no one "passed out from the cold" this year.

In addition to everything that went on in and around the pool, there was also a mini market where everything

from white elephants to jewelry, jaffles and ginger beer and many more, was up for sale. It proved to be such a success that there will be another one on Sunday 23

September. If you are interested in having a stall, it will cost you R20.00 and you can contact

Karine at events@suneden.com.

with the approach of summer there will be a lot of activities on the farm, so keep your diaries ready to make sure that you dont miss out on anything. I have already mentioned the minimarket planned for Sunday 23 September. This will coincide with the GNA bash from Friday 21 to Monday 24 September. SunEden will be a beehive of activity. The bash will take the shape of a German beerfest and there will be a lot to eat and especially to drink. A variety of activities are planned for the poolside. SunEden is at present looking great, we expect a crowd, so make sure to be here!

Now something completely different. Saturday 13 October is the day of the epic clash between the Bulls and the Stormers on Loftus. We

know that naturists are great rugby fans and therefore we arranged a bus to pick up 30 persons at SunEden and transport them to and from Loftus. The fee of R650 includes the ticket and drinks on the bus. Take note! this is a textile outing. Those who are not going to Loftus are going to watch the game on our big screen in the bar. Afterwards there will be a "bring & Braai" SunEden will provide the fires and the "pap & sous"

We are looking forward to welcome you to the farm and until then, keep it naturally!

Johan

Naturists are no different from other people, they are just a lot more comfortable
